

Il Robot incontra Lucca

The background image shows a surgical robot with two articulated arms, labeled 1 and 2, positioned over a patient on an operating table. Two surgeons in blue scrubs and masks are visible; one is standing and looking at a monitor displaying a surgical view, while the other is seated and operating the robot's controls. The setting is a modern operating room with large overhead surgical lamps.

24 Maggio 2025
Ospedale San Luca
Ore 9 - 12
